

Progression in Reading Books provision:

Now that we have transitioned to Little Wandle as our SSP, this is the current progression in terms of the reading books the children read.

Reception: Little Wandle

Year One: Little Wandle (and Accelerated Reader levelled book where appropriate as the year progresses)

Year Two: Little Wandle if assessments show this is still required, moving on to only Accelerated Reader levelled book when they progress from the SSP

Year Three – Year Six: Accelerated Reader levelled book.

Accelerated Reader books levels are set according to performance on termly Star Reader assessments, ongoing monitoring of scores on AR book quizzes, Fisher Family Trust reading assessment and teacher judgement.

All children may also take a reading for pleasure book home to share with their families. This is chosen by them from class reading corners or their KS library. This does not have to be at their reading level as the expectation is that it could be a book read to them, or may be about something in which they are interested but at the level below that of their reading book.
