

## St Etheldreda Homework Menu

### Summer 2023

#### English

- Read daily for at least 10 minutes
- Weekly spelling activity and spellings to learn
- Weekly comprehension activity to complete

#### Maths

- Play Sumdog games
- Learn and practice times tables

#### *Topic – please complete at least one task per half term.*

*Science – choose a living creature or plant and research its habitat. Present this information as a labelled diagram or you could even make a diorama.*

*History – Interview an older member of your family or friend about their life. Find out how life was different for them when they were your age and how things like school, buildings and transport have changed over the years.*

*Geography – Go for a walk around your local area. Take photos or draw pictures of different human and physical features you see such as buildings, different land uses, hills and rivers. Label the pictures to show what each feature is.*

*PSHE – Create a guide to St Etheldreda class that we could give to the Year 2s to prepare them for moving up in September. Think about what things you would have liked to know before you joined the class and what might help them feel happy with changing classes and moving into key stage 2.*

*R.E. – research the Muslim (Mosque) or Sikh (Gurdwara) place of worship. You could make a PowerPoint or leaflet, or maybe you could paint a picture and label it, or perhaps you could make a model.*
