# PSHE Policy

## 1. Context

This policy supports a whole school approach to PSHE and Citizenship in the curriculum, and throughout the life of the school and its community. It is consistent with current legislative frameworks and non-statutory guidance.

### Statutory Status of Relationships Education and Health Education

This policy takes account of the requirement that all schools with primary aged children must teach Relationships Education and Health Education\* from September 2020. We will teach these two statutory subjects in the context of our wider Personal, Social, Health and Citizenship Education (PSHE) curriculum.

### Wider Context

Our approach to the teaching of PSHE supports our duties relating to [Keeping Children Safe in Education](#), [Equality Act 2010](#), SEND, promoting fundamental [British Values](#) and Spiritual, Moral, Social and Cultural (SMSC) development. It also supports us in meeting the standards set out by [OfSTED](#) in relation to 'Behaviour and Attitudes' and 'Personal Development'.

### Duty to Promote Wellbeing

The [Education and Inspections Act 2006](#) places a requirement on schools to promote pupils' wellbeing (as defined in the [Children Act 2004](#)) as well as their academic achievement. It also includes a duty to support community cohesion. We are committed to promoting the health and wellbeing of children and of the whole school community, and fully recognise the significant connection between wellbeing and learning. PSHE is a significant part of our response to these duties.

### National Curriculum

The National Curriculum states that all schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. It must also:

'promote the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and prepare pupils at the school for the opportunities, responsibilities and experiences of later life.'

## 2. Implementing policy

### Aims of our PSHE Policy

The aim of our PSHE Policy is to ensure quality and consistency in our approach to all aspects of PSHE in our school. This includes our whole school approach to promoting health and wellbeing, as well as the curriculum.

The policy aims to:

- explain the central role PSHE plays in the life of the school and in children’s learning, within the context of national and local guidance
- provide guidance to members of staff in all roles about their responsibilities in relation to PSHE
- ensure that the entire school community understands the role of PSHE in the ethos of the school
- ensure a consistent approach to planning and delivering PSHE
- ensure that children receive an entitlement curriculum with progression and a high quality experience of teaching and learning
- ensure that staff have the knowledge, understanding and skills to deliver the PSHE curriculum
- promote partnership work with parents/carers to support children’s learning and development in PSHE, health and wellbeing
- enable the assessment of children’s learning in line with local and national guidance
- provide guidance about the criteria for selecting and using high quality resources
- provide guidance to help ensure the quality of methodology and approaches to teaching and learning in PSHE
- support the PSHE coordinator in monitoring, reviewing and developing practice.

### Related Policies

This policy acts as an overarching policy for theme-specific policies and guidance in the following areas: Anti-bullying and RSE. These policies include more detailed explanation of how these themes will be delivered.

It is also linked to and is delivered in the context of the following policies: Relationships Education, Positive Behaviour, Safeguarding, Anti-bullying, Spiritual, Moral, Social and Cultural (SMSC) development, SEN/Inclusion, Equality and Diversity, Health and Safety, ICT/Computing (including E-safety & Acceptable Use policy).

### Implementing Our PSHE Curriculum

Our PSHE and Citizenship programme (which is covered through the taught curriculum and our wider provision) includes teaching and learning within the following strands and themes:

**Myself and My Relationships:** including My Emotions, Beginning and Belonging, Anti-bullying, Family and Friends and Managing Change.

**Healthy and Safer Lifestyles:** including Personal Safety, Digital Lifestyles, Drug Education, Relationships and Sex Education, Healthy Lifestyles and Managing Safety and Risk (including Road Safety).

**Citizenship:** including Diversity and Communities, Rights, Rules and Responsibilities and Working Together.

**Economic Wellbeing:** including Financial Capability.

### Inclusion, Equality and Diversity

We promote the needs and interests of all pupils, inclusive of gender, culture, ability and aptitude. Our approaches to teaching and learning take into account the ability, age, readiness and cultural backgrounds of the children to ensure that all can access the PSHE curriculum.

In relation to those with special educational needs, we will review our PSHE programme to ensure that appropriate provision is made. When working with children with additional needs we consider:

- their level of vulnerability
- their need to develop assertiveness and their sense of self
- the need to involve all staff and carers in policy development, planning and training
- the need for a range of approaches to teaching and learning to ensure they are genuinely inclusive
- sources of support for pupils.

In relation to ethnicity, religion and cultural diversity, we value the different backgrounds of our children and, in acknowledging and exploring different views and beliefs, seek to promote respect and understanding.

We are particularly aware of our duties under the Equalities Act and will ensure that all children with protected characteristics, or whose family members may have protected characteristics, see themselves reflected in our PSHE provision. We will achieve this by careful selection of teaching resources, case studies and children's fiction.

The protected characteristics are: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

We recognise that PSHE is a prime location for proactive teaching of skills relating to empathy, acceptance and respect for diversity.

We promote social learning and expect our pupils to show a high regard for the needs of others. PSHE is an important vehicle for addressing both cultural and gender issues and for promoting equal opportunities and access for all.

### Confidentiality and Safeguarding

The delivery of high quality PSHE supports us in delivering our statutory duties relating to Safeguarding. We recognise that many areas of PSHE will prompt children to reflect on their own families, relationships and personal experiences. We know that, for some children, this will highlight disparities which may cause them to seek help from trusted adults in school.

Staff will build safe learning environments through the creation of Ground Rules specific to PSHE. Staff will use distancing techniques such as puppets, case studies and children's fiction to make direct talk about home circumstances less likely in a whole class teaching situation.

Adults will ensure that children understand what adults (and their peers) may and may not keep confidential.

If visitors are working in a classroom or other teaching situation, they will follow the school's policies/guidance on confidentiality and on safeguarding, and other relevant school policies.

All staff are aware of the Safeguarding and Child Protection procedures and will report disclosures or concerns to the Designated Safeguarding Lead (DSL) immediately.

### 3. Involving the whole school community

#### Working with Staff

Support and training will be made available to all staff as appropriate. This includes allocating time at staff meetings to introduce new areas of work and to review the effectiveness of the approaches used. Whole staff training is used where there are development needs for the whole staff. Individual staff members are offered training opportunities to enable them to fulfil their roles.

We recognise that PSHE and wellbeing are relevant to members of staff in all roles, and we ensure training and support is accessible for all staff. Some training opportunities may be organised for all staff.

Staff members are informed about the location and content of policies that apply throughout the school.

The coordinator is entitled to receive training in their role. This supports them to lead on the development of the school's policy and practice and to monitor its implementation. This practice includes the curriculum and approaches to teaching and learning, as well as whole school approaches to promoting health and wellbeing. They also take responsibility for supporting other members of staff in their work relating to PSHE, which may include ensuring appropriate training opportunities.

#### Engaging with Pupils

If PSHE is to be effective, we understand that it must meet the needs of pupils. Also, we recognise that if pupils are fully engaged in areas of work, they will build ownership and self-efficacy in these areas, leading to more positive outcomes.

- We will seek opportunities to discuss children's views about the content of their PSHE lessons within our planned themes e.g. through pupil voice
- We will engage children in areas of whole school development such as healthy lifestyles work so that their learning does not only take place in classroom settings.
- We will utilise school council/class council/whole school assemblies to engage with children on key areas of whole school development.

#### Working with Governors

We have a named link governor for PSHE who works closely with and in support of the coordinator.

When aspects of PSHE appear in whole school development planning/the School Improvement Plan, a governor will be assigned to reflect on, monitor and review the work as appropriate.

The governing body as a whole plays an active role in monitoring, reviewing and developing the policy and its implementation in school.

#### Communicating with Parents/Carers

We recognise the key role that parents/carers fulfil in supporting their children through their personal development and the emotional and physical aspects of growing up. Therefore we seek to work in partnership with parents and carers when planning and delivering PSHE. We encourage this partnership by:

- informing parents/carers by letter/ by email/on the website of forthcoming PSHE topics and their content
- informing parents/carers about aspects of the PSHE curriculum through leaflets/newsletter e.g. road safety tips, information about anti-bullying, healthy eating tips
- providing supportive information about parent/carers' roles in PSHE and how they can develop protective factors with their children
- including out of school learning/family learning opportunities within our curriculum for PSHE, and encouraging children to share at home their learning about all aspects of PSHE
- inviting parents/carers to discuss their views and concerns about PSHE on an informal basis.

Parents and carers will be given access to this policy on request. It is also available on the school website/in the Parents' Policy folder in the school office.

### Working with External Agencies and the Wider Community

Where appropriate we use visits and visitors from outside agencies or members of the community to support the PSHE programme. This is an enrichment of our programme and not a substitute for our core provision which is based upon the strong relationships between teachers and pupils.

When visitors are used to support the PSHE programme, the school's policy on Use of Visitors is followed.

External trips and residential visits make a significant contribution to children's personal development. When planning such visits, we use opportunities to promote children's learning in relevant areas of the PSHE curriculum (for example, relationship skills, group work skills, communication skills, healthy lifestyles, managing risk, safety).

Our partnership with the local community is a significant part of school life, and we recognise and value its contribution to the PSHE programme. Many of our links with the community enable us to practise active Citizenship.

We include a range of opportunities for community involvement and activities, such as:

- links with the church (e.g. harvest festival, Christmas, Easter and end of year services)
- charity fundraising (e.g. supporting events such as Children in Need, specific fundraising events, developing Courageous Advocacy)
- links with village groups e.g. S and VA, village newsletter, shared events
- community use of the school grounds

## 4. Curriculum organisation

The DfE guidance for Relationships Education and Health Education require that the curriculum is organised in such a way that:

- 'Effective teaching ...will ensure the core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way within a planned programme of lessons.'
- 'Opportunities to practise applying and embedding new knowledge so that it can be used confidently and skilfully in real life situations.'

We recognise the increased importance of PSHE within our timetable, now that Relationships Education and Health Education have become statutory. We will ensure that it has equal status with other foundation subjects in the curriculum.

Children receive their entitlement for learning in PSHE through a progressive, spiral curriculum. Our PSHE programme is delivered through a variety of opportunities for children of all ages, including:

- designated timetabled lessons in PSHE
- subjects across the curriculum, e.g. science, literacy, RE, Design Technology
- enrichment weeks/days, e.g. kindness week, wellbeing days
- visitors
- residential and day visits, e.g. trip to Grafham Water,
- assemblies on our school's values
- small group social skills/speaking and listening interventions

We recognise that PSHE is best taught by adults who know our children well. PSHE will primarily be taught by the class teacher, supported by other members of staff where appropriate.

### Teaching Methodologies

In order to address the 'active learning triangle' of knowledge, skills and attitudes, a wide range of methodology is used in teaching the PSHE curriculum. The focus is on interactive learning, and approaches include: whole class discussion, social skills games and activities, working in pairs/groups, brainstorming, drama and role play, use of puppets, use of story and picture books and use of technology. Many of these approaches also act as distancing techniques, enabling children to discuss issues without discussing personal experience.

Many of the methodologies we use in PSHE will also be employed in other areas of the curriculum to further develop communication, group work and debating skills.

We provide further guidance on these and other approaches in the Teaching Guidance documents from the Primary Personal Development Programme. This is available to staff via the PSHE co-ordinator.

Staff new to teaching PSHE will be supported to build their knowledge of different methodologies and strategies.

### Ground Rules

PSHE is taught in a safe, non-judgemental environment where adults and children are confident that they will be respected. Teachers and children together develop ground rules, which ensure that every child feels safe and is able to learn in a supportive and caring environment.

### Answering Questions

We acknowledge that sensitive issues will arise in PSHE, as children will naturally share information and ask questions. When spontaneous discussion arises, it will be guided in a way that reflects the stated school aims and curriculum content for PSHE. If a member of staff is uncertain about the answer to a question, or indeed whether they should answer it, they will seek guidance from the PSHE leader. Questions may be referred to parents/carers if it is not appropriate to answer them in school. We may use a 'Question box', where questions may be asked anonymously.

When answering questions, we ensure that sharing personal information by adults, pupils or their families is discouraged. Where a question or comment from a pupil in the classroom indicates the possibility of abuse or risk of harm, teachers will pass this information to the Designated Safeguarding Lead (DSL), in line with school policy and procedures.

Further information about how we will answer questions about aspects of PSHE such as RSE and Drug Education can be found in the specific policies for those areas.

### Curriculum Materials and Resources

We use primarily the Cambridgeshire Primary Personal Development Programme and the resources recommended within it when planning and delivering PSHE.

We will avoid a 'resource-led' approach to delivering PSHE, instead focusing on the needs of the children and our planned learning objectives. We will carefully select resources which meet these objectives. We will evaluate teacher resources before using them.

When PSHE-related resources are being used within other subject areas the same criteria are applied. This also applies to online resources, such as the use of websites and presentations.

We will use children's books, both fiction and non-fiction, extensively within our PSHE programme. The same selection criteria apply, and teachers will always read and assess the books before using them to ensure they are appropriate for the planned work. They will also consider the needs and circumstances of individual children in the class when reading texts.

The key texts we use are listed within the Cambridgeshire PDP Units of Work.

### Assessment, Recording, Reporting

We assess children's learning in PSHE in line with approaches used in the rest of the curriculum. Children's learning is planned using learning challenges which are explained to the children. Teachers draw on their observation of children's learning and children's self-assessment to arrive at their overall assessments.

We record children's work in PSHE in individual books, sometimes alongside a class book with photos and result of group discussion/the children's PSHE books/teacher records of work completed/photos on Seesaw RAG sheets may be completed at the end of each unit of work.

We use the assessment tools provided in the Cambridgeshire Primary Personal Development Programme. Teacher assessment is used to provide an overview of the child's learning within a unit of work, and to assess whether the child is working at the expected level, working towards or working at greater depth. Each unit of work includes a sheet for monitoring coverage of the content, which is used to track children's learning and coverage. These sheets may be requested from staff by the PSHE leader, on occasion, to gain an overview of coverage.

Summaries of assessment information are used to assess children's learning against the DfE statements, in line with national guidance for Relationships Education and Health Education.

We report to parents/carers at the end of the school year on children's learning and progress within PSHE.

## 5. Withdrawal from lessons

The school will always recognise that parents have the right to request that their child is withdrawn from some or all of sex education delivered as part of statutory PSHE. The school will uphold that parents do not have a right to withdraw their child from the relationships or health elements of the programmes.

Requests to withdraw a child from sex education will be made in writing to the headteacher.

Before granting a withdrawal request, the headteacher will discuss the request with the parents and, as appropriate, the pupil, to ensure their wishes are understood and to clarify the nature and purpose of the curriculum. The headteacher will inform parents of the benefits of their child receiving sex education and any detrimental effects that withdrawal might have. All discussions with parents will be documented. These records will be kept securely in the school office.

Following discussions with parents, the school will respect the parents' request to withdraw their child.

Pupils who are withdrawn from sex education will receive appropriate, purposeful education during the full period of withdrawal.

For requests concerning the withdrawal of a pupil with SEND, the headteacher will take the pupils' specific needs into account when making their decision.

## 6. Monitoring the impact

### The Process for Development and Review

This policy has been drawn up in consultation with all staff, parents/carers, children, governors, members of the wider school community and other agencies.

We are committed to the ongoing development of PSHE in our school. We will use the following indicators to monitor and evaluate our progress:

- A co-ordinated and consistent approach to curriculum delivery has been adopted.
- A flexible approach to delivering PSHE that responds to children's needs (identified through consultation, research or observation) is in place.
- Children are receiving an entitlement curriculum for PSHE in line with statutory requirements and the Cambridgeshire Personal Development Programme.
- There are clearly identified learning challenges for all PSHE activities, and children's learning is assessed using both formative and summative approaches.
- Opportunities for cross-curricular approaches are being used where appropriate.
- The impact of training for staff and governors is evaluated.
- Policy and practice is reviewed regularly and involves staff, governors and, where appropriate, children.
- A variety of methods are employed to communicate the key points of the policy and curriculum to the community.
- Our website reflects our provision in PSHE.

The PSHE leader/Head Teacher is responsible for overseeing and reviewing this policy.

The Policy will be reviewed every 3 years, or sooner if there are significant changes or circumstances necessitate a review.

### Location and Dissemination

This policy document is freely available on request to the entire school community.

A copy of the policy can be found on the school website/in the staff share drive.
