paper craft ideas

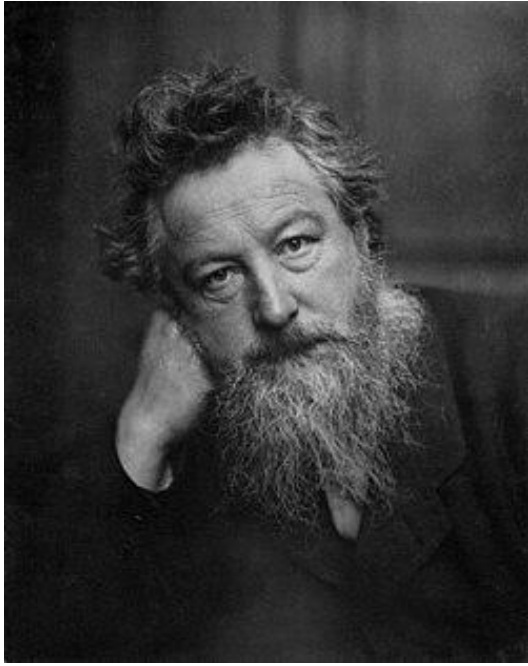

English - The Tin Forest

Tin can houses

Use a recycled tin can and scrap paper/cardboard to create your own tin house.

Don't try to cut metal without asking a parent first.

Art - William Morris

Create a William Morris fact file.

This can be a piece of writing, a report, a PowerPoint, a poster or any other suitable format.

Science - Forces and magnets.

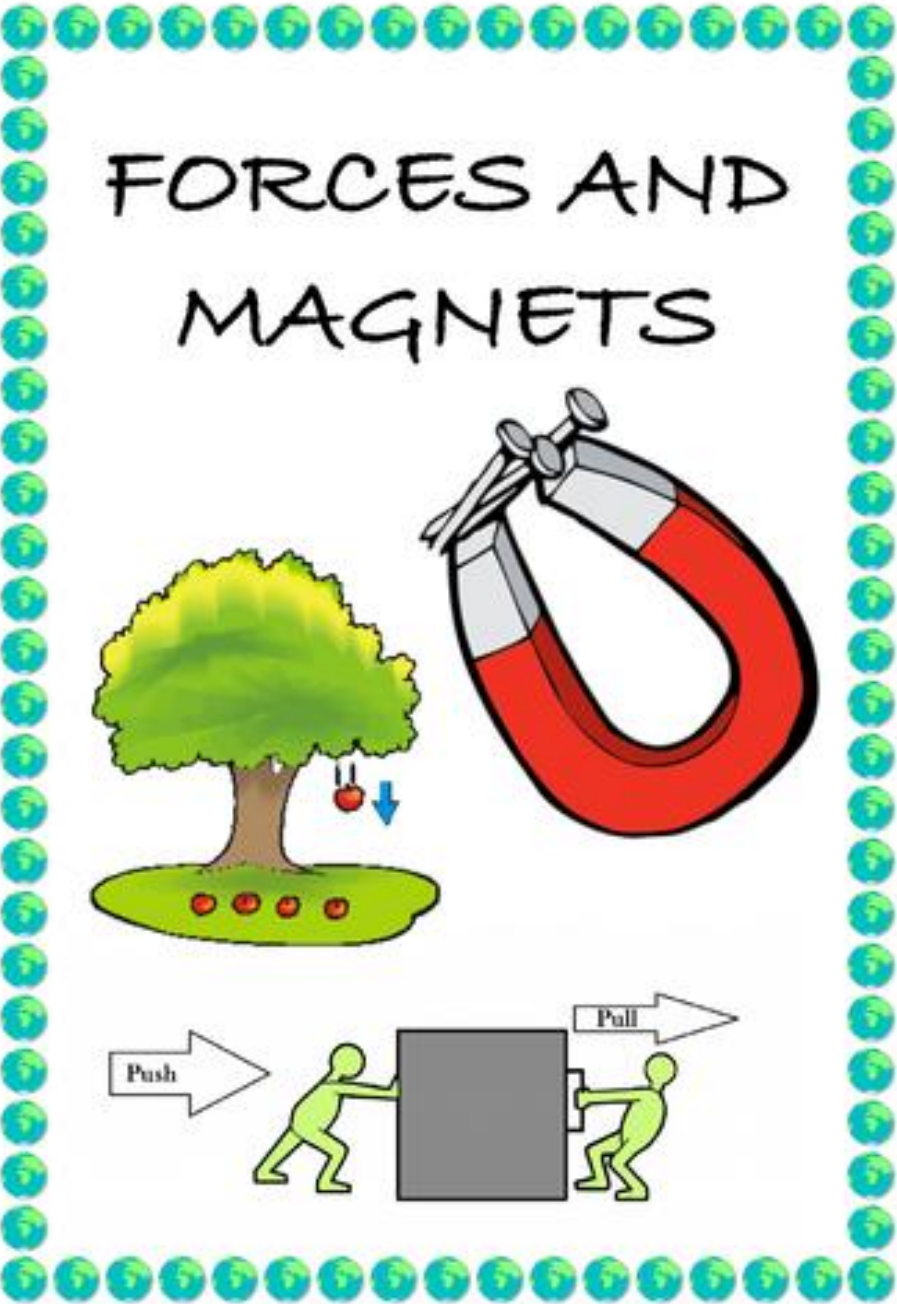

Investigate magnetic materials in your home.

How many magnetic surfaces or materials can you find in your home? Which is the strongest? Can you also find non-magnetic materials or surfaces?

You can include photos or drawings of your findings.
Your recording could look something like this.

Magnetic surface	Non-magnetic surface

*The strongest magnetic surface in my house was...
I checked how magnetic a surface was by...*

Spanish.

Can you create a poster that showcases your Spanish skills?

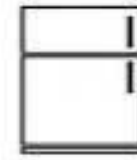

It could be based on Spanish numbers or colours.

negro

marrón

blanco

amarillo

naranja

rojo

azul

verde

rosado

púrpura

PSHE

Rules, rights and responsibilities.

If you were king or queen of the world for a day, what rules, rights or responsibilities would you introduce?

You could write this as a charter, listing the rules and who is responsible for them.

Or you could create a PowerPoint with your top ten rules, rights or responsibilities.

RE

Understanding Christianity.

The Creation Story.

Create a series of pictures that show how Christians believe that God created the world.

You could produce a series of picture cards, a comic strip or even a single labelled picture.
